NOTE OUR ADDRESSES—

Head Office:

**Mary Ann Street, Ultimo,**

(Opposite the Technical College, off Harris Street), and

**Ultimo Road, Ultimo (Wire Mattress Factory),**  
**Sydney, N.S.W.**

ALL PREVIOUS BOOKS ARE CANCELLED.

**T**HIS BOOK has been issued with a view of meeting the wants of our clients in all parts of the State, and will be found to be complete with the latest and most up-to-date **Bedsteads, Cots and Wire Mattresses.**

Some of our Competitors make a point of stating that the Angles are interchangeable, but with our goods this is unnecessary, as all our bedsteads are marked plainly and indelibly with the number of the bedstead on the foot and on the side, so that your men cannot possibly make a mistake when sorting beds out of stock.

If you contemplate a Catalog, write to us, and we are prepared to assist you with the bedstead part of it.

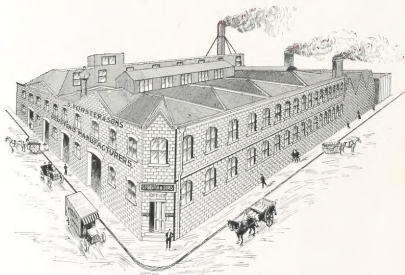

Unfortunately we cannot follow your cases or packages after they leave our Works to watch the rough handling that cases are subjected to, and which we know takes place. However carefully our goods are packed we cannot protect cases against this rough usage, so we would ask you to carefully check the goods you receive with your invoice, and in case of damage, or loss in transit, to immediately report to us on the red card inside your case. We cannot be held responsible for any loss or damage after the goods have left our Works for more than 7 (seven) days.

Don't be misled by others, but buy from the first firm in the trade.

## The "Olympic" Folding Chair.

**T**HIS CHAIR folds up into a space no wider than the width of the supports for the back. No other Chair on the market will fold into such a small space, or is as strong as the "Olympic." We have tested this chair with 3,000 lbs. Weight of Pig Iron.

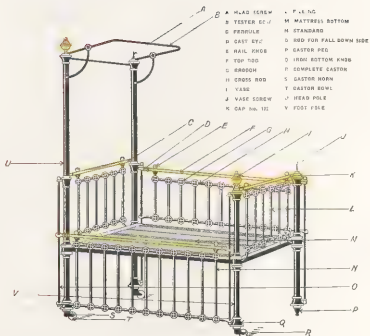

Packed in bundles of six, as shown in the Illustration.

We invite comparison with any other "cheap" chair on the market for strength, finish and folding capabilities.

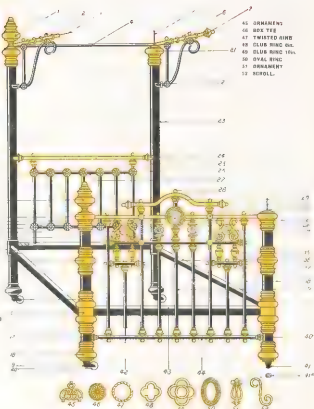

The "OLYMPIC" FOLDING CHAIR.
